## **RULES 'N TOOLS®**

# **RULES 'N TOOLS® CHECKLIST**

### FOR PARENTS, EDUCATORS, AND OTHER CARING ADULTS

Implement *both* safety rules and software tools to protect children online. Focus on the positives of Internet use while teaching children about the dangers and how to make wise choices online.

#### "Rules"

| Establish an ongoing dialogue and keep lines of communication open.  |
|--|
| Supervise use of all Internet-enabled devices.   |
| Know your child's online activities and friends.   |
| Regularly check the online communities your children use, such as social networking and gaming sites, to see what information they are posting.        |
| Supervise the photos and videos your kids post and send online.  |
| Discourage the use of webcams and mobile video devices.  |
| Teach your children how to protect personal information posted online and to follow the same rules with respect to the personal information of others. |
| Be sure your children use privacy settings.  |
| Instruct your children to avoid meeting face-to-face with someone they only know online or through their mobile device.                                |
| Teach your children how to respond to cyberbullies.  |
| Establish an agreement with your children about Internet use at home and outside of the home (see Rules 'N Tools® Youth Pledge).                       |

#### "Tools"

| Set age-appropriate filters.  |
|---|
| Consider using monitoring software, especially if you sense your child is at risk.  |
| Periodically check your child's online activity by viewing your browser's history.  |
| Set time limits and consider using time-limiting software.                          |
| Disallow access to chat rooms and only allow live audio chat with extreme caution.  |
| Limit your child's instant messaging (IM) contacts to a parent-approved buddy list. |
| Use safe search engines.  |
| Set up the family's cyber-security protections.                                     |
| Utilize parental controls on your child's mobile phone and other mobile devices.    |

Parental controls should be utilized on all Internet-enabled devices (desktops, laptops; and gaming, mobile, and music devices). However, these resources are not a substitute for parental supervision.

Report any content or activity that you suspect as illegal or criminal to local law enforcement and to the National Center for Missing & Exploited Children at www.cybertipline.com or at 1-800-843-5678.
